## II. SUMMARY

Experienced specialist in Quality Governance, Sustainable Finance, and Compliance with UN Standards, certified by UN agencies in collaboration with various UN departments. Holds a Master's degree (BAC+5) in Mathematics and Computer Science, specializing in Information Systems Design (ISD). With 12 years of professional experience, 100 official certifications, and working as an independent consultant, recognized speaker, and author of over 10 books, I lead the implementation of operational solutions for the 2030 Agenda. Priority and published, I ensure the effectiveness of interventions while strengthening community resilience to climate, humanitarian, security, and health crises. I operate according to the UN's "Do No Harm" principles and maintain the strictest professional confidentiality.
